

Chapter 3 — Qamets vs. Qamets Hatuf Exercise

Hebrew Qamets (long a) vs. Qamets Hatuf (short o) Discrimination

Qamets (long a) and Qamets Hatuf (short o) are written with the identical symbol. For each item, classify the marked vowel as Qamets or Qamets Hatuf. Qamets Hatuf occurs only in a closed, unaccented syllable; a Metheg always confirms Qamets, even in that environment.
