

Chapter 24 — "Spot the Niphal" Passage Exercise

Genesis 37, 44, 45, 47, 49 · The Joseph Narrative

Most highlighted verbs are Niphal forms. For each one, first answer Is it Niphal? (Yes / No). If Yes: parse conjugation, PGN, and root, then state the semantic function (Passive / Reflexive / Simple Action). If No: identify the correct stem and parse fully. Three verbs in this exercise are not Niphal — drawn from Qal already studied. Answer key begins on the page marked "Answer Key".

Items 15–16 (אָסַף / אָסַפְנִי) are both from אָסַף — the euphemism "gathered to one's people" means death. Items 12–13 both parse as Reflexive from שָׁמַר — notice Imperative followed by Wayyiqtol in the same verse (Gen 47:31).

Score: 13 Niphal + 3 non-Niphal + 2 bonus = 18 total. 15–18 = excellent | 11–14 = review the paradigm | below 11 = revisit §24.3

Reflection Questions

1. Several Niphal forms of אָסַף in this passage describe Jacob's death (Gen 49:29, 33). What does the passive "to be gathered to one's people" suggest about ancient Israelite views of death?
2. In Gen 47:31, both הָעֶבְרִי שָׁחָה (imperative) and עֲבִי שָׁחָה (wayyiqtol) appear together. How does the narrative sequence reinforce the solemnity of Jacob's deathbed request?
3. Compare הָעֶבְרִי שָׁחָה in Gen 37:7 (Reflexive — sheaf stands itself upright) with מִיָּבֵי צִנְהָ in Gen 45:1 (Reflexive participle — servants stationed before Joseph). Is the reflexive force the same in both? What does each communicate about agency?
